Subpart B—What Kinds of Projects Does the Secretary Assist Under This Program?

§ 637.11 What kinds of projects are supported by this program?

The Secretary awards grants under this program for all or some of the following categories of projects:

- (a) Institutional projects for implementing a comprehensive science improvement plan as described in § 637.12.
- (b) Design projects for developing a long-range science improvement plan as described in § 637.13.
- (c) Special projects to support activities as described in § 637.14.
- (d) Cooperative projects to share facilities and personnel and disseminate information as described in § 637.15.

(Authority: 20 U.S.C. 1135b–2)

(Authority: 20 U.S.C. 1067–1067c, 1067g–1067k, 1068, and 1068b)

§ 637.12 What are institutional projects?

(a) Institutional project grants support the implementation of a comprehensive science improvement plan, which may include any combination of activities for improving the preparation of minority students, particularly minority women, for careers in science.

(b) Activities that the Secretary may assist under an institutional project include, but are not limited to, the following:

- (1) Faculty development programs; or

(2) Development of curriculum materials.

§ 637.14 What are special projects?

There are two types of special projects grants—

(a) Special project grants for which minority institutions are eligible which support activities that—

- (1) Improve quality training in science and engineering at minority institutions; or
- (2) Enhance the minority institutions' general scientific research capabilities.

(b) Special project grants for which all applicants are eligible which support activities that—

(1) Provide a needed service to a group of eligible minority institutions; or

(2) Provide in-service training for project directors, scientists, and engineers from eligible minority institutions.

(c) Activities that the Secretary may assist under a special project include, but are not limited to, the following:

- (1) Advanced science seminars;
- (2) Science faculty workshops and conferences;
- (3) Faculty training to develop specific science research or education skills;
- (4) Research in science education;
